

Fresh and Clean Services
your reliable office cleaners

Who are we?

Established in 1981, Fresh and Clean Services is an office-cleaning company based between Basingstoke and Reading.

We clean all types of commercial offices and premises on a daily or regular basis, covering the North Hampshire and Berkshire regions.

Fresh and Clean Services is a family-owned business, providing a professional, flexible and personal service at all times.

Our clients are our main priority and our aim is to provide them with the highest standards of service and attention to detail, coupled with good supervision – the fundamentals of a commercial cleaning business.

"I know that there were extra bodies on site last night, but even so, the difference in the workplace is fantastic!!!! Please pass on my thanks to all concerned – it is much appreciated".

Purchase Ledger Controller,
J Davy

How do we work?

With more than 35 years' trading experience, over 130 staff and servicing in excess of 110 sites, Fresh and Clean Services is well-established in and around Berkshire and North Hampshire, so we are already well represented in your area.

We have built the business providing excellent customer service, so we do not need to tie customers into long-term contracts. Although we are happy to work to a contract as required, we value our customers' business and loyalty and recognise that they do have a choice.

Fresh and Clean Services is still family-owned and managed, so we can provide our clients with a reliable, flexible service and personal approach, which they have come to appreciate over the years.

We currently employ over 130 staff, who are well-trained and motivated. We value reliable staff, who consistently work to a high standard.

Our strong work ethos and family business culture encourages our staff to take responsibility for their work and feel part of the team. We ensure they work in a safe environment, and that they are fully trained, insured and regularly supervised.

Each site is allocated an Area Supervisor who will regularly visit the premises and carry out routine quality checks. Customers also receive regular communication from our management staff to ensure they are happy with the standard of services supplied.

At Fresh and Clean Services, we are committed to constantly finding ways to improve the quality of our services, in order to achieve increased customer satisfaction.

"Fresh & Clean Services have been servicing the college for more than 11 years. They always deliver an exceptional service. The site supervisors are attentive and any issues are quickly resolved and dealt with in a professional manner to our entire satisfaction".

Central Services Manager,
The College of Estate Management

"Since Fresh and Clean took over the cleaning duties at both our properties in Basingstoke, I have been very pleased with the standard of their work. Their pricing is realistic and they continue to carry out work reliably".

Facilities Service Leader,
UL Verification Services

What can we offer?

Fresh and Clean Services provides teams of trustworthy and reliable cleaners, and are confident that we will deliver a professional service, working to the highest standards in order to fulfil your requirements every time.

As well as Professional Daily Office Cleaning, we offer additional cleaning services, which include the following:

"I cannot tell you how impressed we are with the hard floor clean which was done for us on Saturday. I was literally taken aback as to how good it looks, almost new!"

Facilities Manager,
Capita Resourcing

Window cleaning

All commercial windows can be cleaned, inside and outside, on a regular basis. Using traditional methods, modern pole systems and a variety of specialised equipment, we can access and clean most surfaces. We will advise you of the safest and most efficient method of cleaning.

Carpet cleaning

We will conduct a site survey to establish the most efficient and correct method of cleaning your carpets. We have a range of carpet cleaning systems at our disposal to ensure we meet your individual requirements every time.

Floor cleaning

Having many years of experience means we are able to clean, maintain and refurbish virtually any floor surface. Using specialised machinery and a range of high quality products, we can often make a floor look like new.

Specialised cleaning

We can clean up following new builds, or after any trades have been at your premises. We also have staff available for clients who may be holding special events or require specialist cleaning, often at short notice. We can arrange a tailored service to meet your requirements.

Janitorial supplies and serviced products

We offer all of our clients a wide range of competitively priced janitorial supplies, such as paper, soap and waste disposal bags. Having negotiated special rates on a variety of serviced products, we are able to offer you dust control floor mats and a full range of washroom hygiene products at very competitive prices, without having to commit to a long-term rental period.

These products and services are delivered in a professional and timely manner with the intention of freeing your staff of this unwelcome responsibility.

Where are we going?

Our vision is to be the commercial cleaning company of choice for our customers and staff in Berkshire and North Hampshire.
